Framework for selecting Partner Organizations

A seven-point selection criterion is to be used for selecting a Partner Organization.

1. Work of the Organization

Before delving into detailed project planning with a prospective partner, BEPL must conduct proper research on the domain that it operates in. This primary research must include:

- Year of establishment
- Domains of work
- Beneficiaries
- Past and current projects
- Geographic Reach
- Members of governing body and its head
- Flow of finances

2. Registration details

The Partner Organization should be legally registered under or as one of the following:

- (i) Societies Registration Act of 1860;
- (ii) Public Trusts registered under the Indian Trust Act 1882;
- (iii) Licensed company under Section 25 of the Companies Act 1956 or Section 8 of the Companies Act, 2013;

3. Infrastructure

The basic infrastructure of the Partner Organization should be in place and in a functional condition. This includes offices and centres (owned or rented), office equipment, etc. This check is fundamental to ensure that there is more to the Partner Organization than just a website. This necessitates a visit by BEPL CSR Head and/or Volunteers to the premises of the concerned Partner Organization.

4. Stable Organizational Structure

To ensure better accountability, the organization should have a clearly defined staff structure including number, names, roles and responsibilities of the staff etc. involved in the project, Partner Organization's capacities, staff experience and expertise in the context of the proposed project and otherwise, geographical area covered by the organization, other projects undertaken by the Partner Organization.

5. Other Supporters

The Partner Organization must furnish information about its promoters and other stakeholders.

6. Credibility of the Organization

The credibility of the NGO must be gauged on the basis of its prior experience in the proposed domain of work. BEPL must look at the track record of the organization and the impact it has hitherto created. A robust financial management system with transparent and regular updation is an important factor. BEPL will not associate with any organization which:

- (i) Has pending legal disputes and or enquiries in connection with offences like cheating, misappropriation of funds, exploitation of beneficiaries, etc.
- (ii) Is blacklisted by any government agency.

A self-declaration w.r.t. (i) & (ii) is required to be submitted by the organization with other necessary documents at the time of finalising the project.
